Youthville

Chemical Dependency

GIVING CHILDREN BACK THEIR CHILDHOOD

Who We Are

Youthville's Chemical Dependency program focuses on helping individuals and families heal from the potentially devastating effects of substance abuse. The program assists individuals in developing the skills and supports necessary to live a productive life free of reliance upon substances.

The program provides a comprehensive approach to the treatment of substance abuse. A range of evidenced-based treatment services is offered based upon an individual assessment of strengths and needs. Types and intensity of services can be tailored to meet individual needs and circumstances.

What We Offer

Youthville's Chemical Dependency counseling staff have an average of over 15 years of experience providing high quality substance abuse services to individuals and families from diverse backgrounds. Our staff are trained in evidence-based treatment approaches that have been proven to be effective in promoting and maintaining recovery. Services are provided in a collaborative and nonjudgmental environment that is respectful of each individual's unique circumstances and needs.

Who We Serve

The Chemical Dependency program provides treatment for families in the community including adults, adolescents and foster children.

Services

Youthville's Chemical Dependency program offers an array of evidence-based services to meet the needs of program participants including the following:

- Substance Abuse Education and Prevention Services
- Comprehensive Assessment and Evaluation
- Individual and Family Counseling
- Group Counseling
- Alcohol and Drug Screening

Rates and Payment: Medicaid and private pay clients are accepted.
